MOSQUITO BITES

A fast-paced push-your-luck & take-that card game for 1–5 Players

OVERVIEW

You are a gang of hungry mosquitos attempting to drain blood from a human host without getting swatted. Deploy your swarm strategically, use reserves to manipulate where the host slaps, and be the first gang to reach **10 Blood Points**!

COMPONENTS

- 3 Body Location Cards (Neck, Arms, Legs)
- 1 Slap Dice (6-sided)
- **Per Player (Up to 5 players):**
  - 1 Mosquito Tracking Card
  - 1 Blood Tracker Token
  - 2 Mosquito Tokens

SETUP

1. Place the 3 Body Location Cards (**Neck**, **Arms**, **Legs**) face-up in the center of the table.
2. Each player takes 1 Mosquito Tracking Card, 1 Blood Tracker Token (placed at **0**), and 2 Mosquito Tokens.

GAMEPLAY

The game is played in rounds until a player reaches **10 Blood Points**. Each round consists of 4 steps:

Step 1: Placement & Reserve

Simultaneously (or in turn order), each player chooses how to deploy their 2 Mosquito Tokens:

- **All-In (Normal Stinger):** Place **both Mosquito Tokens** across the 3 Body Location Cards (2 points per surviving token).
- **Hold in Reserve:** Place **1 Mosquito Token** on a Body Location Card and keep **1 token in your hand** (Reserve).

Step 2: Roll the Slap Dice

One player rolls the Slap Dice:

Roll	Result	Effect
1	No Slap	Safe! No location is slapped.
2	Slap Neck	The **Neck** card is slapped.
3	Slap Arms	The **Arms** card is slapped.
4	Slap Legs	The **Legs** card is slapped.
5	Heavy Target (Tie Safe)	Slaps location with **MOST** mosquitos. *If tied, NO location is slapped.*
6	Frenzy Slap (Tie Danger)	Slaps location with **MOST** mosquitos. *If tied, ALL tied locations slapped!*

Step 3: Late Stinger Action

If **Dice 5 or Dice 6** is rolled, any player who kept a token in **Reserve** may place it onto any location **before** the slap resolves:

- **Forcing a Tie-Safe (Dice 5):** Tie the highest location. **NO location gets slapped!**
- **Triggering a Frenzy (Dice 6):** Tie it with another location. **BOTH locations get wiped out!**

(Resolve in clockwise order starting from the dice roller.)

Step 4: Slap Resolution & Feeding

1. **Swatting:** Slapped tokens are squished and collect no blood.
2. **Normal Stinger:** Each surviving token from Step 1 scores **+2 Blood Points**.
3. **Late Stinger:** Each surviving token from Step 3 scores **+1 Blood Point**.
4. Advance Blood Tracker and return all tokens to hands.

END OF GAME & WINNING

The game ends immediately at the end of any round in which one or more players reach **10 Blood Points**. The player with the highest score wins!

Tie-Breakers:

1. **Most Active Mosquitos:** The tied player with the most surviving Mosquito Tokens in the final round.
2. **Mosquito Attractor / Repellent:** The player who **got bit by a real mosquito most recently** OR is **currently holding mosquito repellent** wins!
